Annual Report BScIT 2021-2022

Teaching is the one profession that creates all other professions. A teacher gives what they have, the knowledge teachers share will always be shaped by who they are, and students will remember how teachers made them feel as they were learning. Teaching in the IT field includes various traits and techniques that can help people to reach their full potential as learners. Learning and growing beyond conventional education is the need of the hour. One needs life skill education to be able to do well and achieve a lot. So to inculcate such life skills, Department organizes various activities as follows:-

❖ **List of curricular activities:-**

● We have arranged an International **Yoga Day celebration** for SYBScIT and TYBScIT students on **21st June, 2021** so students can understand the physical and spiritual prowess that yoga has brought to the world stage.
